

# T'ABOUT

Unspeakable Canadian Fun

In the quirky game of **T'ABOUT**, your goal is to make your team guess the target word – but there are forbidden words you cannot say as you're describing it!

For example, try to make your team say "**CANADA**" without saying COUNTRY, NORTH, MAPLE LEAF, BILINGUAL or HOME – because they're t'about – unmentionable words!

## RULES

1. Set your timer! You have one minute to get your team to guess the first word on your card.
2. Be careful! If you say any of the five t'about words underneath, your team loses a point.
3. If your teammate guesses the word, your team gets a point!
4. You can't use gestures or sound effects, but breaking into song is totally allowed!
5. You can't say CANADA or CANADIAN to describe any of the words.
